

For your very special event, we keep the private cinema with a seat-allotment up to 80 persons in store for you. An exclusive design, warm colouring, comfortable seating and the latest technical equipment make the east private cinema the perfect location for company presentations with an image film or to show your friends your wedding video. The blinds of the cinema can be shut completely. The east private cinema can also be used for press conferences as it has large windows to get a lot of daylight and a podium in front of the screen.
